Financial Literacy and financial awareness are two vital aspects associated with the development of the financial market. The investor awareness is very important for any person interested to invest in the financial markets. Decisions regarding investment are very difficult to take for the individual investors. Awareness and future prospects often provide knowledge to the individuals for taking decisions pertaining to certain personal finance areas, such as real estate, insurance, investing, saving, tax planning and retirement, and involves intimate knowledge of financial concepts. There is much greater choice for them to invest their money. Hence, the Department of Commerce decided to conduct financial awareness programme in association with the BSE and National Stock Exchange in college campus.

4) The Practice:

The major theme of the awareness programme was -

1. Investor Awareness for Financial Markets.
2. Career Opportunities in Bombay Stock Exchange and National Stock Exchange.
