### Online Learning Orientation Programme Report

All Departments in our college on conducted Orientation programmer of Students regarding online learning. Heads of all departments conducted orientation of students. In the challenging times of covid-19 all over the three was strict look down and there was ban on gatherings o only option available to avoid loss of students was to conduct online lectures. As our college is in rural area digital reach is less as compare to urban areas. So this online learning orientation programmer was necessary for students. During this programmer Heads of all departments taught students how to use online platform for learning professors tried to make students aware about new techniques which are replacing old techniques in education field. Processors told students about the online educational platforms. Students also got information about the new online education platforms initiated by government of India like MOOC's, SWAYAM, and SWAYAMPBABA. Professors also encouraged students to become familiar with this new online education platforms during this programmer students appeared satisfied and excited also regarding new teaching and learning technique some students also raised some doubts about online teaching and learning platform. Their doubts also got solved by professors. In this period of pandemic it was very necessary to create some alternatives to unusual systems. So this new technique of online teaching or learning platform is going to become a game changer.
